

AUGUST 22

WELLBEING

CONVERSATIONS

Cyber Safety:

Would you like to know more about laws that can effect young people online and on social media? In this session you'll learn about the laws that may apply in situations that involve cyberbullying, filming on phones, and laws to do with sexual images. We'll also talk about how to make the most out of your privacy settings, and talking with young people about their use of technology. You'll also learn about how you can get free legal advice and information through the Legal Services Commission.
